China: Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Often you will find that the local Chinese style is very different from what you are used to at home. We welcome people on our tours with a wide variety of tastes and as such try to present an array of food to suit everyone in the group. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout China.

Dishes served in restaurants on our group tours are varied. Some will be vegetable-based with meat mixed in, and a few will be meat-based. Traditionally, Chinese people cook with a lot of vegetables because meat used to be hard to come by. Dishes often come pre-seasoned with soy sauce or other sauces. Our restaurants are well aware of the western palate – there are plenty of non-spiced options. Most meals are served with plain rice on the side which is intended as an accompaniment to your meal. Unlike the western world, Chinese people do not normally pre-heat their plates and food can be presented at a variety of temperatures, which is a typical Chinese way of doing things.

When eating meals on group tours, you will be seated around a circular table with other tour members. Dishes will be served in the traditional 'family style' on a lazy susan; meaning that various dishes will be laid out on a spinning turntable in the centre of the tabletop. These dishes are intended to be shared amongst the group – there is always more than enough to feed everybody. 'Family style' means that there is a pair of serving chopsticks for each dish which are used specifically to serve the food (please ask your server if you require a fork or spoon) and everybody will help themselves to all the dishes on the lazy susan. You will have an individual bowl, chopsticks and cup for your own use. Please be courteous and consider your fellow diners; if your favourite dish is on the other side of the table, it will make its way round to you soon! We find our customers really enjoy this sociable style of eating.

Your National Escort will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications. Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home. It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available. Please read your travel guide which you will receive with your final documents for more information about eating in China. We recommend that when it comes to Chinese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

Japan: Japanese cuisine is delicious, colourful and healthy. Meals are usually served with a bowl of rice and a bowl of miso soup and consist usually of fish, pickled vegetables and meat. Japan's other main staple is noodles, most famous being Udon and Soba. Food is an important element of Japanese culture. It is a time for families and friends to come together and much of family life revolves around the dinner table. Most food is eaten with chopsticks so best get practicing as cutlery is not always available at restaurants.

PLEASE INFORM US OF ANY ALLERGIES AND/OR SPECIAL DIETARY REQUIREMENTS AT TIME OF BOOKING.

DEVELOPMENT IN CHINA AND JAPAN:

China: Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

Japan: Japan is a developed country and as such matches the West in modernity and technological advances. Japan is an extremely safe country and takes great responsibility in maintaining high safety standards.

CULTURAL DIFFERENCE:

Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well). You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the fairly regular occasions when they must be removed. Your National Escort will advise you of some of these other customs at the beginning of your tour.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road – not just 1-2 kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only. There may be sections of road where the surface is bumpy, but our drivers will do their utmost to lessen the impact.

Planes: Internal flights are based on economy class, with reputable airlines. Lithium-Ion batteries, usually used in laptops, cell phones and digital cameras, must be carried in your hand luggage (not in your checked luggage). Portable chargers with a case that does not state the capacity or with a capacity of 160wh and more are not allowed on internal flights at all.

Trains: On this tour, you will experience China's high-speed train. You will travel in second-class soft seats with air conditioning. For train journeys you must ensure that you pack liquids, aerosols and gels/lotions in your hand luggage as per recent regulations. Passengers are not allowed to carry any aerosols over 100ml. Passengers are also not allowed to carry flammable gases or liquids including styling gel, compressed air or insecticides; any explosives, magnetised material, knives (including Swiss Army knives), scissors or sharp items (medication is fine). Bag checks are conducted randomly and any of these items may be confiscated before boarding the train (in hand luggage or main luggage). The National Escort will inform you of specific details prior to boarding.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

CRUISE:

As one of Royal Caribbean's Quantum Ultra-Class ships, the impressive Spectrum of the Seas is among the largest of their fleet. On board you will find a wide variety of restaurants featuring many flavours of the far east, as well as innovative dining concepts and the Bionic Bar®, where your mixologists are two robotic bartenders. There are a host of cafes and decks for your relaxation and an expansive array of on board entertainment.

Royal Caribbean App: The app can be used to pre-book restaurants on board. Alternatively, on board cruise planners will be able to assist with reservations.

Boarding Procedures: Guests are asked to arrive at the terminal within the arrival time slot you select during Royal App check-in. Your arrival time is listed on your mobile boarding pass. Those who arrive early will not be able to begin boarding, and those who arrive late will need to wait until you can be worked into another group.

Due to government regulations requiring cruise lines to submit final departure manifests at least 60 minutes prior to sailing, guests are requested to complete Check-in no later than 3 days prior to their cruise. If you do not complete Check-in 3 days prior, you will be required to complete this process at the pier at least two hours prior to the published sailing time.

Please note: All guests must be checked-in and onboard the ship no later than 90 minutes prior to the published sailing time or you will not be permitted to sail.

Cruise Schedule: While we do our best to adhere to our published itineraries, they may be changed at the discretion of the captain due to weather advisories, port traffic, and any other unforeseeable circumstances.

Dress Code: Dress code on board can vary dependent on venue, however it would be recommended to pack a mix of casual, smart casual and formal clothing. When in the Main Dining Room or Speciality Dining, bare feet and tank tops are not permitted for dinner. When in the Casino, shirt and shoes are always required and cover-ups should be worn over bathing attire.

Drinks Inclusions: Soft drinks are included however alcoholic drinks are payable on board the ship or using your on-board credit (see below).

On Board Credit: You will receive on board credit as part of your booking which can be used towards shore excursions, alcoholic drinks and specialty dining venues.

Tipping: Gratuities are not included onboard your cruise and will be payable on the ship or can be pre-paid through your cruise reservation.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs; so, in each city, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest; for example, in Xian we will take you to a workshop which creates replicas of the Terracotta Warriors, from tiny little warriors to seven foot behemoths! We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides (pre and post cruise). There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 10 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

TIPPING POLICY PRE AND POST CRUISE:

Tipping while on holiday is common in most parts of the world and China is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience, Wendy Wu Tours operates a tipping policy where a stated amount is given to your National Escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the National Escort.

If you are travelling in a smaller group with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognize that it may not suit everyone. However, as this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

PORTERAGE:

Pre & Post Cruise: Please be aware that portorage is not included on our tours in pre & post cruise, except at train stations. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like coaches. The 'Red Cap' train portorage service is included for one piece of luggage per person in train stations on all train journeys.

Cruise: If you check your luggage with a porter, your checked baggage should be delivered to your stateroom within a few hours of setting sail if tagged properly. When disembarking you will leave your luggage outside your cabin door on the last night of your cruise. Staff will then be able to make arrangements for your luggage, ready for disembarkation early next morning. Please also note, it is customary to tip for the portorage service.

SHORE EXCURSIONS

When docked at each port you will have the opportunity to experience shore excursions. With Royal Caribbean offering shore excursions in every port of call, it is a great way to explore more of each destination. Please note, not all shore excursions will include a guide and shore excursions may be cancelled due to inclement weather conditions or for any other reason at the discretion of Royal Caribbean. Any shore excursions will be at your own expense and bookable on your cruise reservation.

CRUISE ACCOMODATION AND CABINS

At the time of booking, subject to availability you may have the choice to book from an outside cabin or balcony cabin. Should you wish to upgrade to a suite or have a special request for cabin location, please speak to our reservations department who will be able to assist.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au.

Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
