Destination Information

Colombo - The formal capital city and the business and commercial centre of Sri Lanka. Originally a small sea port, Colombo became prominent in the 15th century with the arrival of the Portuguese. The Dutch later arrived in the 16th century but it wasn't until the British arrived in the late 18th century that Colombo developed into a major city.

Day 2: Travel to Dambulla

Meals: B, L,D

After breakfast you will transfer approximately 3,5 hours to Dambulla.

Check in to the hotel and relax before heading to Sigiriya rock fortress late this afternoon.

Destination Information

Sigiriya - A UNESCO World Heritage site, is the most exquisite example of ancient Sri Lankan art, architecture and landscaping. Built over 1,600 years ago, the now sinister-looking 600 ft. high black rock once appeared like a huge dazzling white cloud floating above the surrounding forests. Its sides were painted with beautiful frescoes of semi-naked nymphs. A massive gatehouse in the form of a lion guarded the entrance to the innermost sanctum of the city – the Sky Palace on top of the rock. It burst briefly into pre-eminence and was then abandoned and lay hidden in the forests for nearly 1,500 years.

Day 3: Hiriwaduna and Polonnaruwa

Meals: B, L, D

Today you will be taken Hiriwaduna for a local village experience. Enjoy a catamaran ride on the lake, a tuk tuk trip to a local home to learn all about preparing an authentic Sri Lankan dish.

Next transfer 1 and a half hours to Polonnaruwa an ancient city, to hear the tales of how the king's court was laid out at the ancient city of Polonnaruwa. This city is another important royal capital, with well-preserved 12th century ruins and the impressive stone culture recalls an inspired past. Although nearly 1000 years old, the monuments are arranged in a reasonably compact garden setting and their development is easy to follow.

There will be approximately 2 hours of easy sightseeing on foot while exploring.

Since this is a religious site – the foot ware should be removed before entering you could wear socks if you wish to.

Day 5: Travel Dambulla to Kandy

Meals: B, L, D

Today you will depart for Kandy, travelling 2,5 hours and visiting the Dambulla Cave Temple on your way. This cave temple has the largest number of Buddha statues all housed in one place, including a colossal, 14-metre-long figure of the recumbent Buddha carved out of the rock. Dambulla Cave Temple is now one of the most popular religious cultural sites in Sri Lanka, attracting tourists from across the globe.

Thereafter you will visit a spice garden in Matale, where you are greeted with farm sourced fresh juice and taken on a guided walk to learn about the garden's collection of produce, from pepper to papaya, cocoa to coconut and mango to mahogany. This evening you visit the Temple of the Tooth Relic followed by an amazing cultural dance show.

Light Coloured clothing with sleeves and trousers or skirts below the knee length are recommended. Since this is a religious site – shoes should be removed before entering. You could wear socks if you wish to.

Destination Information

Dambulla Cave Temple - First became significant when it was used as a refuge for King Valagambahu in 1st century BC. Concealed here by the local monks upon returning from exile to his throne at Anuradhapura, Valagambahu showed his gratitude by building a magnificent cave temple for them, which consists of a complex of Buddhist image houses. Its rock ceiling is one large sweep of colourful frescoes, some of which date back over 2,000 years, which depict Buddhist mythology, and the tales of the Buddha's previous births.

The Sri Lankan garden - Spread over 15 and a half acres towards the top of a mountain, boasting incredible views of the Aluvihare Mountains.

Temple of the Tooth Relic - A sacred tooth relic of the Lord Buddha was brought to Sri Lanka in 4th Century A.D. and has ever since been the symbol of sovereignty for the Sinhalese kings. Although the tooth relic cannot be seen within the temple, on the Esala full moon day of July/August each year, the sacred tooth relic, encased in a golden casket, is taken in procession through Kandy's streets for all to see.

It is considered to be an excellent location for tea production due to the cool climate, which creates tea with a unique flavour.

Day 8: Christmas in Nuwara Eliya

Meals: B, L, D

Merry Christmas!

After breakfast you will be taken for a tea plantation experience dressed in sarees (The attire worn by tea pluckers to pluck tea).

Your experience starts in the plantation itself with the tea pluckers, giving you the opportunity to learn how to pluck tea then visit the factory where ancient machines pre-dating the industrial revolution wither, roll and dry the tea, followed by learning how to taste different variety of tea. There is normally a little time at the end of the tour for a tea tasting, either of one specific type of tea or occasionally of the various specialties of that factory. Much like a wine tasting, a traditional tea tasting would involve drinking tea (without milk), swilling it around the mouth to get the taste.

Return to the hotel and celebrate the festivities with a scrumptious Christmas day lunch.

Day 9: Udawalawe

Meals: B, L, D

After breakfast proceed to Yala, where on your way you will visit Udawalawe Elephant Transit Home and participate in the process of curd making. Journey time will be approximately 3 hours.

Though buffalo curd is a quintessential favourite in the Sri Lankan pantry, its arduous journey, from teat to table, is often unheeded. Witness the ins and outs of a dairy farm, where buffalo curd production is the chief livelihood of most locals. Assist the farmers in leading the buffalo's to graze or observe the milkmaids at work. Help yourself to a fresh sip of milk after trying your hand milking a buffalo. Lend a helping hand to the farmers to carry the pots of milk back to their houses and study how the curd is made the traditional way.

Dust off this Sri Lankan traditional experience by finally relishing on a fresh pot of curd sweetened with treacle.

Learn all about the uses and benefits of cinnamon and its grading. At the top, there is a breath-taking view, and the chance to try your hand with the tools of the trade in an Ambalama.

Go on to visit the turtle hatchery in Sri Lanka is one of the most recommended things to do. The small town of Kosgoda on the southern strip is famous for its turtle hatchery. Victor Hasselblad turtle research and conservation centre, Kosgoda, is the 1st turtle conservation centre in Sri Lanka since 1978. It is privately owned but under observation of the Wildlife Department of Sri Lanka.

At the hatchery, fishermen are paid for rescuing the vulnerable eggs which they collect at night, along the sandy beach. Visitors can witness the exceptional sight of them hatching or even see tanks filled with new born hatchlings. After being fed, the baby turtles are returned back to the sea where they are released when they are 2-4 days old. Once placed on the beach, most baby sea turtles start moving towards the water, flapping their tiny flippers. Children in particular love to visit the hatchery and watch the turtles being released back into their natural habitat.

Entry visas are required by all visitors to Sri Lanka and Wendy Wu Tours Visa Department can assist you with the process of obtaining a visa. Please be advised that your passport must have at least six months validity left on it when you arrive back in Australia.

For the latest information on visa procedures, processing times and requirements, please kindly refer to our website <https://www.wendywutours.com.au/help-and-advice/passports-and-visas/>

Please note, the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate, Wendy Wu Tours acts as a third party and has no influence on the process of a visa. Wendy Wu Tours does not accept responsibility for lost or undelivered items.

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance. We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by a national escort. There will usually be no more than 28 travellers in a group, although you may encounter other Wendy Wu tour groups while you are travelling. All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

DEVELOPMENT IN SRI LANKA:

Although Sri Lanka is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in Australia. Consequently, tourist and public facilities may not uphold the same safety standards as in Australia; for example, you may see a hole in the road without a warning sign or safety barricade. All our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday, so we ask that you take extra care, use your common sense, refer to notices and follow advice from your guide.

EATING IN SRI LANKA:

Sri Lanka is home to a melting pot of cuisine. Throughout years of colonisation and influence from other countries and a history of spice trading, Sri Lanka has cultivated its own distinct flavour. Meals as outlined in the itinerary (excluding drinks) are included in our tour. Please be aware that dishes selected for your meals reflect the cooking styles and signature dishes of the local area you are in.

Dishes served in restaurants on our tours are varied. Some will be vegetable-based and some meat-based. Our restaurants are aware of the western palate – there are plenty of non-spiced options. Dishes will usually be served either as a set menu with a few choices, or in a buffet style to allow you to sample many different options.

We recommend that when it comes to Sri Lankan food, you stay open-minded and try to be adventurous!

ACCOMMODATION:

All group tour hotels have private western bathroom facilities, TV, and a telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your Local Guide or National Escort.

Your accommodation has been selected for convenience of location, comfort, or character, and can range from a business hotel in one city to a family-run guesthouse in a smaller town or a heritage-type hotel. In remote areas, accommodation may be of a lower standard and may not have western amenities. Hotels are generally rated as local three to four-star standard but do please note that there is no international classification system for hotels and differences in facilities and quality do exist between Australia and Sri Lanka. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards are met. Please be aware that there are heightened security measures being carried out at all hotels, on guests and vehicles entering the properties.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions that demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places that hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

PORTAGE:

Please be aware that portage is not included on our tours in Sri Lanka. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and Sri Lanka is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. To avoid any inconvenience Wendy Wu Tours operates a tipping policy where a stated amount is given to your national escort at the beginning of your tour and tips are disbursed amongst your main service providers (for example local guides and drivers) throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort. Any other tipping, such as tips for bathroom attendants or hotel porters that are taking luggage to your room, is at your discretion based on satisfaction of services received, as are gratuities for additional requested special services.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognize that it may not suit everyone. However, as this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Main and inner-city roads in Sri Lanka have a reputation for being very congested. For this reason, it may not always be possible to return to your hotel after sightseeing to freshen up before going to the restaurant for dinner. Roads in Sri Lanka have generally been improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the sections above are approximations only.

APPROPRIATE DRESS:

When visiting temples or mosques, both men and women should dress in conservative, non-revealing clothing. Full-length trousers with a shirt or t-shirt for men; and pants or skirts well below the knee with a top that covers the shoulders and upper arms for women. Women might also consider carrying a 'modesty shawl' in their daypack – this could be a sarong or light scarf – which they can wear over their shoulders and heads to feel more comfortable while sightseeing at mosques.

Religious sites and homes throughout Sri Lanka – for Hindus, Jains, Sikhs, Muslims, or Buddhists to name a few – require all visitors to remove their shoes to enter. Even if you then need to walk outdoors, over hot or rough ground, you will not be allowed to wear shoes. You will often find shoe storage rooms near the entrance of a site where it is customary to leave your shoes near the entrance. Occasionally there are 'shoe minders' who will offer to keep your shoes safe for a 'tip' – this is not compulsory so each customer can choose to tip for this service or not. If you do not want to remove your shoes, you will have to remain outside. We recommend shoes that easily slip on and off, and carry a pair of thick, old socks in your daypack, which you can wear to protect your feet from any rough or hot surfaces. The itinerary above will indicate when you need to consider this.

CLIMBING STEPS:

Sightseeing at nearly all of the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defense against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Hindu and Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries, who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.smartraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
